

Teaching, Learning Process

The College is motivating the faculty to be student centric such as experiential learning, participative learning to give exposure to the students while learning the course. The curriculum of the programme prescribes clinical papers specifically the Moot Court (Clinic Paper). The college is having separate Moot Court Society and almost all the students are the members of the society. The society conducts inter-class moot court competition and selects the students to represent the college in different moot court competitions. They are also motivated to take part in the essay writing, drafting, judgment writing, debate and power point presentation competitions. The college is also having debate committee which motivates the students to take part in the various debate/ elocution competition.

The college also identifies the slow learners and advanced learners. The college arranges the remedial coaching classes for such students. The college introduced various post graduate diplomas as value added course. The language laboratory provides opportunity to the students for learning the English language.

Moot Court Society
