Highlights of the research activities

The S.S.Maniyar Law College has constituted different committees through which various intellectual activities performed for creation of ecosystem and transfer of knowledge.

1. The college publishes the annual miscellany Vidhyarth. The faculty and the students publishes their research articles, poems and stories both in English and regional language.
2. The PG students (LL.M) as part of the curriculum have to involve in the research activities. The university prescribed the PG course with the dissertation.
3. The IQAC cell and Research Advisory Committee motivates the faculty and the students to participate in the various international, national and state level conferences, workshops and seminars. The faculty published their research papers in the peer reviewed journals and participated as resource persons. The college grants the duty leave and also make budgetary provision to the faculty members for participating in the seminars.
4. The college library is the treasure of knowledge and a great asset to the institution. It has an extensive collection of reference books, journals and case law reporters for the academic and research needs of students, faculty and research scholars. The computer terminal for the students and faculty with internet facility is also available in the library.
5. The college organised the one day national seminar on 'Need and Necessitates of NAAC Accreditation & Quality Development in Higher Education'. The NAAC members and academicians, lawyers and stakeholders participated in the seminar. The delegates from the various places participated and presented research papers. The college also publishes the seminar proceedings. Also the college organises different workshops and seminars in the college.

6. The college invited various eminent personalities as resource persons. The High Judges and the local District Judges visited the college and delivered lectures for the students as resource.

This activity of the college through the research advisory committee contributes to the great extent towards the research world.
