Data Backup, UPS & Recovery, Licensed System Software : * No guaranty of recovery data lost due to Virus, Hardware & Electricity problem. We advise that college staff should take daily backup of data on other computers using our Backup utility. * It is advisable that college should use on line UPS instead of Invertors for stable supply to computers. This will improve life & reliability of college computer & will be reduce maintenance cost. * We recommend licensed OS & upgraded antivirus. * We do not supply Computers, UPS , stationary etc. Still college should confirm from us latest computer specification, printer specification, stationary specification etc. - especially when college is procuring new machines for our packages.

Please contact us for further details. Thanking you. Assuring the best services.

Yours Sincerely

(Mustak Ahmed)
